

Nov. 2021

Hi to All Our Village Families,

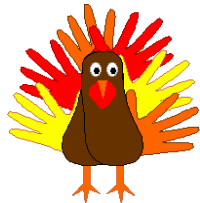

As we enter a brand new month, we are planning some fun fall activities of fall walks, painting fall leaves, making fall shakers, learning about farm life, and fire safety.

What a blessing to be a part of teaching our children how to share and be thankful for what they have. Our Chapel this month will be talking about how we can "Give thanks to God." It is also our month for health and safety. We will be having opportunities to practice our first fire drill, and learn how to "stop, drop, and roll." We are so excited and looking forward to celebrating the Thanksgiving holiday with each class.

Here are a few important reminders:
